

**NOTICE
VILLAGE OF LOMIRA
WASTEWATER FACILITIES PLAN & SEWER RATES**

Notice is hereby given that on Wednesday, August 14 the Village of Lomira Board approved the proposed wastewater treatment facility upgrade project plan and 56% sewer rate increase. The rate increase affects the sewer portion of utility bill only. The Village will utilize the State of WI Environmental Improvement Fund loan programs in an amount not to exceed \$5.3 million for the necessary improvements, of which the Village is eligible for up to 30% principal forgiveness.

The sewer rate will be effective on the fourth quarter utility bill.

The Village of Lomira held a public hearing at the Municipal Complex, 425 Water Street, Lomira on January 9, 2019 and April 10, 2019 to discuss a Wastewater Facilities Plan and sewer rate increase.

The Wastewater Facilities Plan addresses the long term wastewater treatment needs in the Village of Lomira as required by the WI DNR. The public hearings included a discussion of the wastewater facilities planning process, the recommended improvements, and the anticipated financial impact to the community of those improvements. At the public hearing, questions regarding the Wastewater Facilities Plan and sewer rates were addressed and public comments were accepted for consideration.

Dated this 15th day of August, 2019.

Jenna Rhein, Village Clerk-Treasurer
